Model Freightways is a organization dedicated to 1/87th or HO scale trucks of every size , make and era. Our group is comprised of modelers, collectors and admirers who have a passion for freight carrying rigs. We provide a magazine style newsletter four times a year in which we showcase our members creations, pass on modeling techniques, let you know what is in the pipeline, review new truck models and communicate ideas drawn from many who have spent their careers in the transportation industry.

Subscription rates per year in U.S. funds:
